

SEND Services for *your* School

Complex Communication Needs

Our fully qualified team provide a range of services to develop autism-friendly learning environments. We can support children and young people (CYP) and staff with strategies for communication using evidence-based practice.

Support for CYP who have:

- Communication needs
- Neurodivergence
- Behaviours that challenge

What we can offer:

- CCN assessment
- 1:1 pupil support
- Classroom consultations
- Individual pupil consultations

Flexible/Bespoke Packages:

Purchase blocks of support in advance to ensure ongoing input on a weekly, fortnightly, half-termly or termly basis.

Full collaboration with the SENDCo to build a bespoke support package, which could include:

- Modelling best practice
- 1:1 support for pupils or staff
- Training
- Assessments
- Classroom/pupil observations

Flexible/Bespoke Package - half day support with discussion record	£300
Flexible/Bespoke Package – full day support with a short report and training offer. If twilight training is required as part of the package, this must take place on the same day.	£600
Classroom Consultation (enhancing an autism friendly learning environment)	£300
Individual Pupil Consultation (initial advice at a universal level)	£300
CCN Assessment with report (targeted advice and recommendations)	£600
Comprehensive Assessment with report (school and home-based visit)	£795
1:1 Pupil Support (bespoke 1 hour pupil sessions, individual pupil consultation required, minimum of six sessions)	£150 per session
Autism Awareness Programme (1 hour pupil sessions, confirmed diagnosis and pupil consultation required, minimum of six sessions)	£150 per session
