

# SEND Services for *your* School

## Complex Communication Needs

Our fully qualified team provide a range of services to develop autism-friendly learning environments. We can support children and young people (CYP) and staff with strategies for communication using evidence-based practice.

### What we can offer:

- CCN assessment
- 1:1 pupil support
- Classroom consultations
- Individual pupil consultations

### Flexible Packages:

Purchase blocks of support in advance to ensure ongoing input on a weekly, fortnightly, half-termly or termly basis.

Full collaboration with the SENDCo to build a bespoke support package, which could include:

- Modelling best practice
- 1:1 support for pupils or staff
- Training
- Assessments
- Classroom/pupil observations

### Support for CYP who have:

- Communication needs
- Neurodivergence
- Behaviours that challenge
