

Curriculum Days 2025-26

Each academic year we organise several 'Curriculum Enrichment Days' across the whole school. The aims of these curriculum days include offering pupils a breadth of experiences and opportunities that they would not cover in their usual lessons, encouraging different age groups and Pathways to work together on a whole school focus and giving pupils fun and different learning experiences that help them work together, be creative, and learn new things in a practical way.

Our planned 'Curriculum Days' over this academic year will include:

Multi-Cultural Day – 14th October 2025

Enterprise Day – 19th November 2025

Writing Day – 5th March 2026

Maths Day – 21st May 2026

Wellbeing Day – 10th February, 20th March and 11th May 2026
