

Occupational Therapy

Our fully qualified and experienced Occupational Therapist is adept at working with children and young people (CYP) to ensure they are equipped with the necessary skills to fully participate in all aspects of life.

Support for CYP who have:

- Sensory needs
- Motor skills needs
- Neurodiverse needs, including autism

What we can offer:

- Full Sensory Integration Assessments
- 1:1 OT support
- Dyspraxia Assessments
- In class support and training

Training and Support:

- Introductory staff training to understand sensory needs and how to use sensory strategies
- Hands on support and advice from an experienced OT to provide Universal, Targeted and Specialist Occupational Therapy and Sensory Support
- Autism Informed Environments (learn about how you can adapt school spaces to support all CYP, and specially those with neurodiverse needs)
- Sensory Circuits (learn how to set up and run a sensory circuit to get CYP ready to engage with learning)

Full Sensory Integration Assessment (with report)	£650
Occupational Therapy School Day Support (may include hands on support, autism informed environments, setting up and running sensory circuits)	£600
1:1 Pupil Therapy (following a full sensory assessment. Minimum of 5 sessions)	£150 per session
Full day staff training – sensory needs and strategies	£650
