## Outdoor Nature Collage Instructions

You can find lots of natural objects out of doors that you can use to make art such as a collage.

### What You Need

- Paper
- White glue or sticky tape
- Natural items such as twigs, leaves, pebbles, flowers, seeds, grasses

### What to Do

1. Explore a safe outdoor area and collect some natural objects.
2. Arrange the objects on the paper. You could make a pattern or a picture.
3. Take each object off the paper one at a time and use glue or sticky tape to fix it to the paper in its position in the picture.

### Top Tips:

- Always check with a grown-up that the natural objects are safe to pick up and use.
- Pick up objects that are already on the ground – try not to harm living plants.
