

## SpLD Practitioner Course

The SpLD and Neurodiversity Practitioner course is designed to give school staff a working knowledge of the different types of SpLD and other areas of neurodiversity. The course will cover: how the various differences present; how you can identify them; how you can support and when to refer.

The course will also introduce staff to standardised and non-standardised assessments and screeners, as well as developing knowledge around intervention (planning targeted support and delivery). The course will be delivered in a practical manner to ensure that delegates have the knowledge and strategies to utilise in their school/setting.

**Course will run every Tuesday commencing on 7<sup>th</sup> November 2023**

**Session timings: 4pm – 6pm**

**Venue:**
